Search results are sorted by a combination of factors that will give you a set of options based on your search criteria. These factors are similar to those you can use to determine which business to choose from a local list of yellow pages, including proximity to where you're looking, expertise in the specific services or products you need, and comprehensive business information to help you assess a business's suitability for you. Preferred listings, or those with website buttons displayed, point to YP advertisers who provide direct information about their businesses to help consumers make more informed purchase decisions. YP advertisers get a higher placement in the default search results order and may appear in advertised listings at the top, side, or bottom of the search results page.
